

# PIONEERING SURGICAL SOLUTIONS

Device Technologies' Surgical Solutions Division offers a full product portfolio that aims to meet your hospital's needs for surgery, whether performed open or with a minimally invasive approach.

## ABOUT US

Device Technologies is Australasia's largest distributor and partner of many world-renowned innovative medical device manufacturers.

As new clinical applications develop and evolve, we strive to bring the latest innovations to market from across the globe, supporting customers to achieve the best clinical outcomes for their patients.

Our wide range enables us to tailor our offering to specific procedural requirements so we can provide the best solutions to meet all of your purchasing needs.

## OUR BRANDS

# GIVING YOU MORE TIME FOR PATIENT CARE
